WHY DO YOU LOOK INTO THE SKY?

The feast of the Ascension points us upwards. It reminds us that there is more to this world that can be touched and tasted and seen. It reminds us that there is something bigger going on and that we are part of it. It tells us of our dignity as God's children, and how each of us has our own distinctive and unique role to play. From the moment of our conception, as we were formed in our mother's womb, we are part of the plan. As children and young adults, we are part of the plan. As adults and older people we all have our part to play in God's wonderful love-story of creation, all of which reaches its fulfilment when we behold him face to face.
