FOOD FOR THOUGHT

"The Church wishes to care with particular love and concern for the unborn children, the most defenceless and innocent among us. Nowadays efforts are made to deny them their human dignity and to do with them whatever one pleases, taking their lives and passing laws preventing anyone from standing in the way of this. Frequently, as a way of ridiculing the Church's effort to defend their lives, attempts are made to present her position as ideological, obscurantist and conservative. Yet this defence of unborn life is closely related to the defence of each and every human right. It involves the conviction that a human being is always sacred and inviolable, in any situation and at every stage of development."

(Pope Francis – Joy of the Gospel, #213)
