**Synodality – Journeying together**

*In June the Working document for the upcoming Synod was published. The Working document simply outlines the issues as they have been proposed by dioceses, countries, and continents over the past two years. These will be discussed over the three weeks and the conclusions of the discussions will be the substance of the final document.*

*In many ways the synod is about synodality itself, under the three headings of **Communion** (we are a community centred on Jesus Christ), **Participation** (the right of every baptized person to participate in their local church community) and **Mission** (the right and responsibility of every baptized person to contribute to their community and to share their faith with others).*

*Pope Francis has stated that **“Without prayer there will be no Synod”**. Let us encourage prayer at every opportunity.*
