The Quiet Wonder of Easter

Easter arrives with familiar signs—spring flowers, longer days, and the joyful return of "Alleluia." Yet the first Easter began in stillness, in the quiet of early morning, before the world fully understood what had happened. The stone was rolled away. Life had overcome death. Hope had already begun.

This is the heart of Easter: God is at work even before we recognise it. In our own lives, renewal may come gently—through small moments of peace, kindness, or new beginnings. Easter reminds us that even in uncertain times, new life is possible. Light can come from darkness, often in ways we don't expect.

May this Easter bring you quiet hope, deep joy, and the assurance that new life is always rising
